EASA Form 1 -MF/145 Issue 2
User/Installer Responsibilities
Note: 1. This certificate does not automatically constitute authority to install the item(s).
2. Where the user/installer works in accordance with regulations of an Airworthiness Authority different than the Airworthiness Authority specified in block 1 it is essential that the user/installer ensures that his/her Airworthiness Authority accepts items from the Airworthiness Authority specified in block 1.
3. Statements 13a and 14a do not constitute installation certification. In all cases the aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.
